

AQUA SAFE SUIT by CESCO®

Protective Clothing for High Pressure Water Blasting

CESCO's Aqua Safe Suits feature exceptional strength and durability, breathability, mildew resistance, water resistance, fire resistance, and UV color retention. Suits are lightweight and flexible, and designed to retain their strength, dimensional stability, and color in severe conditions. Suits are available in standard coverage and full coverage styles.

- **Rated for 40,000 PSI:** Can provide chin to toe protection against possible injury from accidental high pressure water streams associated with water blasting.
- **Fire Resistant Styles:** Resistant to heat & flames. Meets or exceeds the most stringent fire-resistance requirements.
- **Custom Fit:** Available in a variety of standard and custom sizes for comfort and mobility. Complete set is made up of jacket, bib overalls, boot covers – also sold separately.
- **Custom Colors and Logos:** Available with your company colors and logos.

Available in a wide variety of colors

Sample colors shown. Additional colors available. Some colors not available for fire resistant suits.
